I can do that, but can it wait until later this evening? Hoping to catch my bus soon.

He's left for the day. I don't know exactly when he requested RAD update of health report. See CBI email - she says we assessed the one RFU because "we reasonably could" and that we should simply say based-on SNUR for the other RFUs because we don't have enough info on them.
The Nalco stuff I have is what gave to a week ago - I don't know what status he gave her this week. Don't know about case load question.

I assume that is in today but I think that he is scheduled for a compressed day on Monday.
So, Please obtain from what status info he provided to Lynn Dekleva on the four Nalco cases earlier this week.
Find out from him how long ago he requested that RAD update the health report for the current hair on fire case. I think he did so in early Feb.
Also find out if he discussed his caseload with Lynn Dekleva. Let him know that I need to discuss his caseload with all the "leaders" on Monday. He should have some say in which of his cases should be

reassigned.
